Lightning Strikes: Approx. 1,000 across the District		Confirmed Wildfires on ODF SWO District: 75	
Structures Threatened: 1	Structures Destroyed: 0	Structures Damaged: 0	

## CURRENT SITUATION

<b>Situation Summary:</b>	<p><i>Garner Complex Fire Information in Josephine County will be released separately by the Oregon Department of Forestry Incident Management Team 2. The fires within the complex include: the Spencer Creek Fires, the Grave Creek Fires, and the Pleasant Creek Fire. The updates will still be shared on our @ODFSouthwest Facebook page and www.swofire.com.</i></p> <p><b>Additional fires in Josephine County:</b></p> <p><u>Swamp Creek</u>: 16 miles north of Rogue River. Estimated at 5 acres. This fire is now part of the Grave Creek Series within the Garner Complex. Please see the Garner Complex update for additional information.</p> <p><u>Little Grayback</u>: 8 miles east of Cave Junction. The fire is 100% contained. This will be the last update of this fire; however, a new fire was located just to the south of the Little Grayback Fire. (Please see below).</p> <p><u>Nelson</u>: roughly 8 miles east of Cave Junction. Estimated at 3 acres. Firefighters are working on hand line construction. The perimeter line is currently 90% complete. We will be using resources today to knock down and eliminate interior heat. No structures are threatened.</p> <p><u>Taylor Creek</u>: 7 miles west of Merlin. Firefighters have been aggressively fighting this fire for more than 24 hours; however, it is still posing challenges due to difficult terrain, unfavorable weather conditions, and limited resources. The fire is estimated to be approximately 40 acres. Dozers, crews, and engines will be engaged building fire line today, alongside aerial resources. While there is one remote structure approximately one mile from the fire's edge; no additional structures are threatened at this time, as the next nearest structures are miles away.</p> <p><u>Fielder</u>: North of MP 53 on I-5. 100% contained. This will be the final update of this fire.</p> <p><u>Iron Mountain</u>: Southwest to west of Murphy. Firefighters picked up two additional fires off Iron Mountain, the largest being approximately one acre. Both fires are 100% lined, and mop up will be continuing today. No structures are threatened.</p>
---------------------------	--

	<p><b>Wagner Creek Complex in Jackson County:</b></p> <p><u>Green Top Mountain:</u> 5 miles northeast of Eagle Point. Still holding at 125 acres. Containment remains at 55%. Overnight, firefighters continued to mop up heavy timber, and will continue making more progress with knock down and mop up today. No structures are threatened.</p> <p><u>Sterling Creek:</u> 7 miles south of Jacksonville. Continue progress is being made, and the 32 acre fire is now 45% contained. Please note, smoke will be visible on the interior of the fire as suppression efforts and mop up continues over the next 48 hours. No structures threatened.</p> <p><u>Trail Creek &amp; Elk Creek Drainage:</u> Multiple fires are burning in the area surrounding Cleveland Ridge, Elk Creek, and the Trail Creek area which is roughly 5.5 miles north to northwest of Shady Cove. There are approximately 12 confirmed fires on ODF-protected land within the drainage. The largest fire in this area is the 13-acre West Fork Trail Fire, which is now 80% contained Several additional fires continue to burn in the area, but all are being attacked aggressively and safely. All others are an acre or less in size. No structures threatened.</p> <p><u>Railroad Gap:</u> Mutual aid to Umpqua National Forest. Overnight, firefighters were able to wrap a hand line around the fire, and mapped it at 33 acres. Today firefighters will continue knocking down the interior. Smoke will be present. No structures are threatened.</p> <p>There are several other fires in Jackson and Josephine Counties that we are working diligently to knock down and contain. Our air attack platform will be performing reconnaissance flights the entire day. As always, keeping our community safe is our priority.</p>
